

CHAMP-ION

The European Ion Trap Pilot Line

Building Europe's First Open-Access Pilot Line for Ion-Trap Chips enabling:

- Industrial-scale quantum chip production
- Stronger EU strategic autonomy
- A resilient and competitive quantum industry
- Supports SMEs & start-ups
- Builds a sustainable and competitive ecosystem

**Design → Fabrication → Integration →
Testing → Production**

**Quantum Computing, Quantum
Communication, Quantum Sensing**

CHAMP-ION, the Framework Partnership Agreement of the CHIPS JU for the European Ion Trap Pilot Line, is supported by Horizon Europe and the National Public Authorities of the partners involved. Grant number code HORIZON-JU-CHIPS-2025-QAC2-SGA 101288915, Framework partnership agreement FPA number 101233101.

Co-funded by
the European Union
